REQUEST FOR RECONSIDERATION

Members of the community may request that an item in the library collection be reviewed to consider if it should be relocated or removed. We welcome input from the community and any titles in the collection may be reviewed once every two years. Upon receipt of a Request for Reconsideration, a committee of professional librarians will begin the review process. A confirmation acknowledging the request will be sent within five business days and will include an estimated time frame for the review process. The committee’s decision will be communicated to the requestor by Library Administration. You are welcome to attach an additional note if you need more room.
